

**Dirt Road Riding USA**

# **OFF-ROAD CATALOG**

# OUR MISSION & CORE VALUES

## MISSION STATEMENT:

Exceed worldwide safety regulations, while providing best in class products and customer service.

## F.A.C.E.S.

### FOREVER

The memories you make while riding and the people you meet along the way; You will remember **forever**.

### ACTION

**Visualize** your dreams and **take action**. When you take action you will **learn** and **grow** from it.

### CUSTOMER FIRST

At DRR USA, all of our decisions and products are **inspired** with our customers in mind.

### ENTHUSIASM

Love what you do! There is nothing like the **excitement** and **passion** we feel, knowing families from all around the world enjoy our products with their friends and family.

### SAFETY

**Safety matters!** DRR USA was founded with safety in mind for our family. Making your family's safety also our #1 priority.

MANUFACTURER  
OF ATVs,  
HEADQUARTERED IN  
BRUNSWICK, OHIO.

## HISTORY

2000-

- Dirt Road Riding USA was founded by Kim and Lou DeCuzzi. After experiencing an ATV accident involving thier oldest son.

2001-

- DRR USA developed **improved safety** features, giving Kim and Lou **peace of mind** while riding ATVs with their children.

DRX 50  
& DRX 90

### Safety Features:

- Lowest seat height
  - Widest wheelbase
  - Dual gas-charged adjustable shocks
- Resulting in an ATV with exceptional handling characteristics.

2008-

- Marks the beginning of DRR USA producing adult ATVs.

600 UT

2018-

- Innovation and desire to help others expands DRR USA into new territory! Inspired by search and rescue, DRR USA created fully **electric** ATVs in order to hear people in need. They can also be used for eco tours, hunting, farming, leisure activities and more!

2022-

- Fully **electric** UTVs!

STEALTH E-ATV

EV SAFARI

With products approved by the American Motorcycle Association, DRR USA provides a variety of CPSC and EPA compliant vehicles from youth to adult and from gas to electric.

# DRX 50

## YOUTH GAS ATV 6+

WWW.DRRUSA.COM

SALES@DRRUSA.COM

330-220-3102

### 50cc

### WATER COOLED, 2 STROKE ENGINE

Photographed using highly skilled, race-sanctioned operators under adult-supervision and controlled conditions. Warning: Improper ATV use can result in severe injury or death. Vehicle depicted in top image is altered and has been modified by the owner after purchase. DRR USA manufactures CPSC and EPA compliant vehicles.

#### DUAL A-ARM SUSPENSION

Preloaded adjustable gas shocks with up to 7½ inches of travel for superior performance.

#### WAVE ROTORS

Disk brakes that maximize pad-to-rotor contact providing excellent stopping force, while keeping the brakes clean and cool for life longevity.

#### FULLY-ENCLOSED FLOORBOARDS

Protects riders from debris and toe overlap for a safer riding experience.

#### THROTTLE LIMITER

Allows parents to **adjust the top speed** of the quad to their child's ability.

# DRX 50

Ages 6+

The DRX 50 has a powerful two-stroke engine, with first class performance and safety features. The 50cc debuted in 2000, as one of our first product designed with youth safety in mind. These gas mini ATVs are approved for AMA and GNCC use.

## ENGINE

**Size:** 50cc Water Cooled

**Stroke:** 2-Stroke

**Starting System:** Electric & Manual Kick Start

sales@DRRUSA.com

**WARNING:** NEVER permit children under the age of 6 to operate any ATV. 50cc to 70cc ATVs are only recommended for riders 6 years and older and can only be used with adult supervision. Operation of a 50cc to 70cc ATV by children under the age of 6 increases the risk of severe injury or death. Adult supervision required for children under the age of 16. In addition, all Y6 ATVs are speed restricted and should never be altered in such a way which would remove the speed restrictions. DRR USA recommends that all riders take an approved safety course before riding. For safety course information contact your dealer or call 949-727-3727. ATVs can be hazardous to operate and improper ATV use can result in severe injury or death. **For Your Safety:** Always use an approved helmet, goggles and protective gear. Never use on public roads. Never operate without proper training or instruction. Never operate at speeds too fast for your skills or the conditions. Never operate on public roads a collision can occur with another vehicle. Never operate with a passenger, passengers affect balance and steering increasing the risk of losing control. Always use proper riding techniques to avoid vehicle overturns on hills, especially on rough terrain and during turns. Always avoid paved surfaces pavement may seriously affect handling and control. Please locate and read owner's manual.

# DRX 90

## YOUTH GAS ATV 12+

### 90

### WATER COOLED, 2 STROKE ENGINE

The 44" width allows easier handling for riders. A wider quad has more stability, making it a safer for riders.

Photographed using highly skilled, race-sanctioned operators under adult-supervision and controlled conditions. Warning: Improper ATV use can result in severe injury or death. Vehicle depicted in images are altered and has been modified by the owner after purchase. DRR USA manufactures CPSC and EPA compliant vehicles.

Similar to our DRX 50, this model is built for top performance, including:  
**Dual A-Arm Suspension, Wave Rotors, Throttle Limiter, and More!**

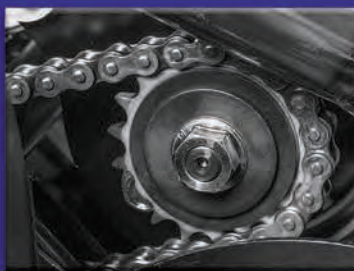

#### SQUARE TUBE EXTENDED SWING ARM

DRR USA engineered this extended square tube swing arm to allow maximum control and traction of the ATV. This provides the rider with a better handling experience.

#### SLIPPER SPROCKET

Designed to reduce damage to the transmission, under heavy usage.

# DRX 90

Ages 12+

The DRX 90 has a powerful two-stroke engine designed for first class performance. The 44" width allows safer and easier handling. These gas mini ATVs are approved for AMA and GNCC use.

**WARNING:** NEVER permit children under the age of 16 to operate this ATV. Operation of a 7.5kW ATV by children under the age of 16 increases the risk of severe injury or death. In addition all electric ATVs are speed restricted and should never be altered in such a way that would remove the speed restrictions. DRR USA recommends that all riders take an approved safety course before riding. For safety course information contact your dealer or call 949-727-3727. ATVs can be hazardous to operate and improper ATV use can result in severe injury or death. **For Your Safety:** Always use an approved helmet, goggles and protective gear. Never use on public roads. Never operate without proper training or instruction. Never operate at speeds too fast for your skills or the conditions. Never operate on public roads a collision can occur with another vehicle. Never operate with a passenger, passengers affect balance and steering, increasing the risk of losing control. Always use proper riding technique to avoid vehicle overturns on hills, especially on rough terrain and during turns. Always avoid paved surfaces pavement may seriously affect handling and control. Please locate and read owner's manual.
